Steve Sheller, Athletic Director

To whom this may concern,

The purpose of this letter is to convey my sincere apology for my language directed at a Blue Mt. Officials association referee. I also regret that the language I exhibited in frustration may have caused any inconveniences for persons involved. The language expressed towards the referee was not professional and does not represent Irrigon High School, Irrigon administration or Irrigon Athletics. Furthermore, the language does it represent the person that I am.

Regards,

Mitch Thompson
