To whom it may concern:

I am requesting a hardship to be eligible to participate in athletics at Sisters High School. My dad has recently taken a job as the Superintendent of Sisters School District and we are in the process of trying to sell our house and move to Sisters. My dad and I are going to be renting a place in Sisters so I can attend Sisters High School from the start of the school year. I would like to be able to participate in athletics in the transition.

Once we sell our house and move to Sisters, my whole family will be together again. This is my reasoning for the hardship request.

Thank you for your consideration,

To whom it may concern:

I am writing to request a hardship for athletic eligibility for my son Taylor Scholl as he attends Sisters High School.

I have recently accepted the position of Superintendent of Schools for Sisters School District and my family will have to live apart until we sale our home in Keizer. My wife and I feel it is in Taylor's best interest to start school in Sisters instead of transferring after the school year has started. We believe a mid-year transfer can be very hard on students.

Additionally, being the "new kid" in school even at the beginning of the year can be difficult. We request that Taylor be granted eligibility to participate in athletics as the relationships he develops in athletics will help in his transition to a new school.

Thank you for your consideration,
