Tom,

The Three Rivers League hardship committee deliberated on this and approved this hardship request.

I have contacted Andy Van Fleet at Tigard and he is notifying the student.

Dave Parker

Hi Dave,

I'll call to leave a message also, but this student has moved out of a tough situation in California to live with an aunt here in Oregon. The aunt now has guardianship, but since it isn't technically a mother or father, we need to follow the hardship process. Please see attached docs and call/email if you have any questions.

Thanks,

*Andy-*
