To Whom It May Concern:

My name is Jenna Mayer and I'm going to be a sophomore in high school this year. I have attended school at the Phonics Phactory/MMU my entire life and will be going there again this upcoming school year. And even though I go to private school, I really appreciate the opportunity I have to play sports for the district I live in.

Over the past few years, volleyball has become my main sport and I love playing. My dad is always talking to me about how important it is to find something I love to do and to give it my all to be the best I can be. I have found that in volleyball. My hope and goal is to continue to work hard and develop to the level where I can hopefully play for a college somewhere in California.

I know from talking to my dad and coach that because Lauren ended up being my coach for club season that this can possibly affect my upcoming season. I really hope this doesn't ruin my chances of playing this season. That would be devastating for me. When I started the club season, I already knew I was going to be playing for Reynolds since we had already moved into the Reynolds district.

Thank you,
