Mr. Bolin,

we are applying for a hardship waiver for Lydia Oliveira to participate in Roseburg High School cross country this fall. From the time she was 6 years old until late December 2014,, she has lived in the Glide, Oregon school district. Since that time she has lived in the Roseburg school district except for a couple of weeks in June. The reason she moved to Roseburg was because her adoptive mother and husband no longer wanted to take care of Lydia, and wanted us to become legal guardians. She did not participate in any high school sports in Glide.

Since she is now living in the Roseburg school district, and will be attending Roseburg High School, we are asking that she be allowed to participate in the fall cross country season.

Thank you,

Larry & Nancy Brown
