

August 18, 2015

To whom it may concern,

I am the Head Boys Soccer Coach here at Creswell High School and I am speaking on the behalf of two student athletes. Osvaldo and Rodrigo Guzman would like to participate this fall in the school's soccer program but are currently one-half credit short. A few years ago the family moved to Creswell from Mexico looking to better their lives and the boys have done very well. They have a great attendance record and do well in all of their school work. They are polite and never have had any behavior or discipline problems.

Soccer is one activity that they both love to participate in and I feel it is a great way for them to more easily transition to their new social setting while playing a sport that crosses over many cultures and traditions world-wide. I am asking that their hardship be granted so they may continue to grow and learn in their new environment.

Sincerely,

A handwritten signature in black ink, appearing to read "David Nickelson".
