## English Progress Report

Student Name | Dreyer, Harrison

Date Sent: 6/27/15

This form will let you know how you are doing in your English course, as well as how to raise your grade. Pay attention to the comments as they will discuss your strengths and weaknesses and help you make improvements. I am here to help you, so let me know your questions and concerns. Please use the feedback to correct your mistakes and then resubmit your assignments (on the forms provided) so you can raise your grade. **Assignments with nothing in the "pts earned" column have not been received.** Please ensure that you get all of your assignments signed off by your staff so I can award you the points you have earned. No points are awarded if the sign-off sheet is not filled in correctly. Also, make sure you turn in all teacher-graded written assignments (all written assignments should use the correct essay writing format; don't forget to indent). You cannot receive credit if I do not see them. You are not eligible for full credit (.5) unless you pass the assessments. You may retake an assessment if you do not pass the first time.
