The family listed below would like to host a NorthWest Student Exchange (NWSE) international high school exchange student during the academic term indicated below. NWSE has screened both the host family and the exchange student for their qualifications to participate in the program successfully.

The U.S. Department of State has designated NWSE as an official exchange student program sponsor. NWSE students arrive in the U.S. with a J-1 Visa that they obtain upon submitting an NWSE-issued DS-2019 Form to the U.S. consular office in their home country.

As an official program sponsor, NWSE is responsible for all students on its exchange programs. We ensure that all students are covered by accident and health insurance and receive appropriate supervision during their programs. NWSE does not facilitate exchange student placements based on athletic abilities or intentions, and does not guarantee to any exchange student participation in school sports, placement in a particular grade, enrollment in specific classes, participation in graduation or receipt of a diploma.

As may be needed during the year we may request information about the student's academic performance, including progress reports, attendance records, grades, and/or transcripts.

When you have decided to admit the NWSE exchange student below, please complete and sign this form and fax it back to the NWSE office at 800-717-9117. Alternatively, you can scan and email it to [nwse@nwse.com](mailto:nwse@nwse.com). Your signature below confirms that NWSE has provided you with a copy of the student's program application, including an English-language translation of the student's academic records, medical and immunization records, recommendations, and writing samples, as well as any additional documentation you request. Federal regulations require that NWSE receive a signature from an appropriate school official indicating that the student will be accepted for enrollment.

Thank you very much for your consideration and support of this exchange.
