To whom it may concern ;

Hello my name is Isaac Acosta and I'm entering the 10th grade and wish to attend Reynolds High School. Reynolds is my home I have really close friends that I was with since elementary. A lot of my family members also attend/attended Reynolds high school. At Reynolds Middle School A.V.I.D was a big thing to me it helped me stay on track and help me see that I want to go to University of California Los Angeles for my Bachler to be a computer engineer. But in the 8th grade we had to move to Centennial district and Centennial did not have AVID. Besides not having AVID I was also bullied with racial remarks and treated different for not having as much money as other students I couldn't have friends because they would be harassed for just by speaking to me. I tried to fit in by playing baseball but my teammates also harassed me, standing up for myself didn't really help me nor would speaking with teachers and coaches. Centennial did have a great education system but I can't stand going through that another year. I have started sports in 3rd grade and at first I didn't like it but with time I have learned to enjoy the life lessons it teaches me.

I want to thank you for taking the time to read my letter. I hope I get to go back home.

Isaac Acosta
