Hello Dave,

Quite honestly I wish Luke Peters was still a student at Billings Senior High. I think he was intimidated and a bit apprehensive about a new school in Billings, MT. Our school has 1875 students and Luke became a member of Bronc Nation quite easily. I was able to get to know him fairly well as he was living with a very good friend of mine. Luke had not one discipline incident and maintained good grades. I hope Luke is able to participate in sports and I wish him continued success.

Dennis
