No student enrollment records have been added.

Notes

Mr Welter the student is not on any program. His family lives in Brazil, his father had attended RHS on an exchange program long ago and he has sent his son's to RHS to live with the same host family that he had. The father arranges this with the family. Would this be a transfer without change of joint residence? Russ

Affirmation Statement

Under penalty of perjury, the parties below have affirmed that no coach, parent, administrator, teacher, or other representative of the current school initiated contact or offered any inducements for the purpose of having the student attend the current school for athletic participation. Further, they authorized release of permanent school records to the Oregon School Activities Association.

Roseburg Public Schools

August 17, 2015

Mr. Welter,

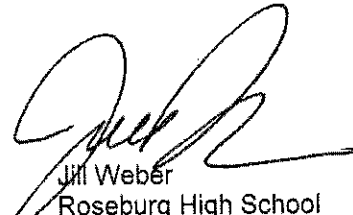

Roseburg High School is requesting a hardship for Rafael Fernandes to play soccer this year for the Indians. Rafael is a non CSIET foreign exchange student from Brazil.

Rafael's dad, Ricardo, had attended Roseburg High School on an exchange program many years ago and has arranged for his sons to stay with the same host family that hosted him. Mr. Fernandes has had two older sons do this and were very successful.

Roseburg is asking that Rafael get a chance to participate on our boy's soccer team.

Thanks,

Russ Bolin

RE: Proposed FERNANDES Exchange Full year 2015-16 Roseburg High School.

The FERNANDES family tradition of Education started with Ricardo DeCastro Fernandes in the 1980's. Ricardo attended Roseburg High school and was hosted by Gordon and Phyllis Wood and their three sons Scott, Peter, and Kelsey Wood. Kelsey and Ricardo attended school together at Roseburg High and became "brothers".

Ricardo realized after marrying and having a family that the exchange program was very valuable and wanted the tradition to continue with his sons. He also realized that he had such a wonderful experience in Roseburg with the Wood family and they had become his American family. Ricardo knew that the Wood family would be a great experience and they also would be familiar with him and his family. He planned to send his three sons to the same American city to be hosted by the Wood family. To date we have been able to host his two oldest sons. The oldest Vitor FERNANDES stayed with Phyllis Wood and Peter Wood was the sponsor. Mateos the next oldest was hosted with Peter Wood. Now it is time for the youngest, Rafael, to have the experience and Kelsey Wood has agreed to host him for the school year. All of the FERNANDES have participated in the Roseburg community when they were here including High school academics and sports.

Thank you for any assistance in fulfilling Ricardo's wishes and making this experience a success for all concerned.

Status: Not Eligible

This letter is in response to the Eligibility Request Form that you recently submitted to our office on behalf of a foreign student who is not on a CSIET approved exchange program.

OSAA Board Policy now dictates that all non-CSIET foreign students (international students) athletic eligibility requests must be submitted to the Executive Director for approval. All international students who are attending a member school are to be treated like any other transfer student who is not living with a parent. Consequently, the student is not eligible for one year unless a true hardship exists (circumstances beyond the control of each of the student and the student's parent(s) that cause the student to be ineligible). In this case, the student is a "direct placement" to a family and is not on a CSIET approved exchange program.

After carefully reviewing the information and documentation that you have submitted, I have concluded that the non-CSIET foreign student listed above is NOT ELIGIBLE.

You have a right to appeal my decision to the OSAA Executive Board. If you would like to schedule an appeal, please forward a written request to the OSAA office. As per OSAA Executive Board Policy "Eligibility Appeal Filing Fee", there is a non-refundable \$100.00 filing fee to defray the costs of the appeal.

Sincerely,

Tom Welter
Executive Director

Thanks Russ. I've been able to confirm at least 6 voting members for the conference call appeal so we are all set for Monday at 9:30am. We have all the information that was previously submitted, along with the additional letter we discussed this morning from Vitor Fernandes. Please let me know if you have any additional information as we'll be sending the entire packet to the Board on Friday.

I will be in contact on Monday morning at 9:30am with calling instructions once the Board is ready to hear your appeal. School personnel, the student, the host family, etc are all welcome to participate in the call.

As a reminder, there is a \$100 Eligibility Appeal Filing Fee for appeals of the Executive Director's decisions. Let us know how you want to pay for that (we can bill the school or receive a check from the family, etc.)

Thanks,
Peter

X Thanks Russ. Tom's denial may be appealed to the Executive Board. Here is the language for that process.

8.9.1. All Other Requests (Except Transfer, Fifth Year and Age Requests)

The Executive Director, in individual cases may, at his/her discretion, and upon terms and conditions as he/she may impose, waive or modify any eligibility rule, except the transfer, fifth year and age rules, when in his/her opinion there are circumstances beyond the control of each of the student and the student's parent(s), or other circumstances whereby enforcement of the rule would work an undue hardship upon the student.

A decision of the Executive Director may be appealed to the Executive Board. A decision of the Executive Board may be appealed to a Hearings Officer under Rule 9, "Hearings Officer."

Let me know if that's something you would like to pursue.

Peter

Good morning Russ.

As discussed, after my phone conversation with assistant director Peter Weber, would you request another appeal for waiver of Rafael Fernandes from OSAA Executive Director Tom Welter? Please give him the below/ attached letter from

Rafael's family and explain that there is no intent on anyone's behalf to unfairly compete, and this action against Rafael only hurts him and his American Host family. To please consider a waiver to allow Rafael to play any remaining games, instead of sitting on the bench. His exchange student arrangement is from a 39 year old standing family exchange with his Father and two older brothers, all of whom actively played on the RHS Varsity team during their enrollment at RHS.

Also, if any student was displaced by Rafael's addition to the team, it is his "American host-family Brother" Tristan Wood, who was rejected from Varsity this year. By prohibiting Rafael from playing, not these two families and their boys are penalized twice, and for no discernible consequence to any other student.

OSAA - Oregon School Activities Association
To the Executive Director Tom Welter

This small letter from our family searches to cordially clarify some information about my brother, the exchange student Rafael Machado Fernandes, the reasons that had taken him to attend the Roseburg High School, the importance of the athletic activity for him during the period where he will live in U.S.A. Also, I hope this letter relieves the resulting harm from mis-interpretation of how he entered the circumstances to be at Roseburg High School, and the regulation of the championship of the OSAA. I hope to present arguments that demonstrate, assure the regulations are not being broken for the participation of the student in question.

Understanding the intention of the regulation of the Oregon School Activities Association is to protect student's educational development above of the athletic activity is clear and praiseworthy the in close association of State-wide sports competition. With the objective above cited, it is well-known in the regulation of the athletic activity, the clear intention to prevent the location of foreign students or transferred students from other schools with exclusive objective of making strong teams for the competition. This fact that would compromise the natural event of the competition, as well as could harm students.

We verify, in such a way, that the rational of the rule is to hinder that the teams buy players, fact that is not in-line with the objectives of the league, harming the involved championship and students. Fact that does not occur clearly in the case in question, as we will clarify below.

The student Rafael Machado Fernandes, as well as other exchange students who might also participate in school and athletic activity, is here to know more of the rich culture of U.S.A., to learn the English language better, and should reach this objective better with the relationship with local citizens in his daily activities. But in doing so, this great cultural chance provides difficulties to be faced with, to leave his parents of origin, as well as his other family members, to live for a period of time in U.S.A., a foreign country.

These difficulties would be minimized by the fact that if the student were to carry through this interchange in an environment of minimum unknown, an environment where the people of his daily conviviality are familiar, or care for him as family. A home where he can belong, a home with known friendship and who are known to be reliable. A family where the hosts also collaborates with his own family, who has the certainty to be receiving this student who possesses similar values, these would be the reasons which would take the student Rafael to the home of the Wood family. And this is of easy verification though the registers of

RHS, that the student Rafael possesses a long-standing (37 years) tie with the Wood family. You see, more than the thirty years ago, Rafael's father, Mr. Ricardo Fernandes, was an enrolled student at RHS for the period of one year and stayed with the Wood Family, as was repeated later, with his two older sons Vitor and Mateus Fernandes, Rafael's older brothers. They too, stayed at the same school, and lived with this same Wood family, each for a year, and also participated in the athletic activity competitions promoted by the OSAA/ on the RHS Soccer team as Varsity players.

From this information, we can verify that any form of damage to the right does not exist which if intends to protect with the criteria of eligibility of athlete for the OSAA. Also for the fact that the student in question possesses all the items in your eligibility check list.

The rule displayed in topic 8.6.3 (7) searches to hinder that students are placed of direct form for some of the teams of the competition, fortifying the team of intentional form. It is clearly for the displayed factors that this did not happen with Rafael, as he is with the family Wood for a reciprocal agreement between the families who more than coexist in harmonic way the last thirty years, and not previously caused any form of damage in any sports competition or athletes.

We notice that all the regulation of the OSAA aims at academic preparation ie, mainly, the preparation of the students for the adult life. One notices that the participation of the student in question in school activities as well, is an important factor of preparation for all the involved ones. The relationship with citizens of different nationalities for certain periods of time allows the evolution of all involved, not only the student Brazilian, but also, teammates and even the adversaries who come to play against the team.

The young in question all carried through the program of training next to his teammates, fact that joined the same ones, creating cultural bonds of friendship and experiences between each, that the notice that he could not participate in the competitions promoted by the OSAA, was a shock to all the members of the team. This must be for the lack of clarification the determination of his ineligibility go against all the intentions and objectives of the OSAA. We cannot perceive that any offence exists in the written rules of the OSAA, but only one situation not foreseen for this exchange, for Rafael to participate in way to construct a rich exchange student experience with his local family, but to have exchanged in a formal program.

We believe in the good intentions and common-sense of all the involved ones in this question. We are certain that a solution without the damage of any involved will allow that

the young student to be able to share in the games of soccer promoted by the OSAA as an RHS Varsity player.

We thank for the expended attention and time for this question.

Sincerely,

Vitor Fernandes.
