**Re: Lucas Wilson, Hardship Request**  
**Date: August, 21, 2015**

**Dear Committee,**

**Churchill High School supports Lucas Wilson to participate in athletics while attending Churchill High School as a student.**

**His story is very compelling, and while it may be difficult to understand because of his physical stature, he is a child that has been broken down mentally by racial and sexual harassment.**

**Attached, you will find letters from the Jose Silva, Principal of Springfield High School and Audrea Shelley, Athletic Director of Springfield High School that support Lucas Wilson's hardship request based upon racial and sexual harassment instances that occurred at Springfield High School.**

**His grades and attendance suffered the second semester of his sophomore year. It is very clear in his transcripts, that Lucas hit the breaking point during that second semester and that is when he approached his parents and it was evident to Audrea and Jose that a change was in his best interest. He went from a 3.44 GPA in his first semester to a 1.5 GPA in the last semester of attendance at Springfield.**

**Lucas is enrolled with a full schedule of classes at Churchill and we hope that you allow him to participate in any extra-curricular activities that he chooses to be part of.**

**Sincerely,**

  
**BJ Blake, Principal**
