

huge Asset to her team. I would be devastated to see the only thing that kept her going for most of the year last year ~~and~~ which is Volleyball be taken from her due to the uncontrollable events of her mental health. I also feel my daughter could have gotten her grades up last year if she was given the opportunity. Selena has a lot of support now to help her succeed in school and life and I believe she will be able to manage to get back on track to graduate and play Volleyball, if you give her the opportunity.

Thank you for
your time
