RE: Alexis Howard-Johnson

As the Athletic Director of Grant High School for the past year, I write this letter in full support and endorsement of the hardship for Alexis Howard-Johnson. I have worked with Alexis to outline the steps she needs to complete to progress towards bettering herself as a student. I believe that Alexis is very capable of getting back on track towards high school graduation with the support available here at Grant and her new perspective and dedication to her academic success.

Thank you for your time,

Brian Samore
Grant High School Athletic Director
