Dear Tom,

Rogger Villada is a student at Corvallis High school who started his high school education here the second semester of last year. He earned 2.5 credits with a 3.40 grade point average. He has not gone to any other high school so I believe that by continuity of enrollment he is eligible even though he is living with his mother only. His father is in Columbia. Where I think we have a problem is that he only has those 2.5 credits and he needs to have 4.5 credits by the end of his freshman year to be making adequate progress toward graduation.

His situation in Columbia during the time of the first semester last year was that he was completing the 8th grade. He has proven to be a very good student and we believe he will make up the lost ground. It appears to us that this is a situation that he had no control over.

We support his effort to gain eligibility.

Respectfully,

Matt Boring
Principal
Corvallis High School
