

To whom it may concern,

I'm writing a short letter on behalf of Kayden DeMoss, a first year player of mine at Elmira High School. I first met Kayden in June when he informed me that he was going to be going out for football for the 2015/16 season. From the very first encounter I could tell that Kayden was an extremely motivated young man, and he had no problem with being open and forthcoming about some of his bad choices in the past. More importantly he discussed with me on how he is currently working hard to change the way he has lived his life, and large part of his change involves getting back on track with his studies so that he can graduate from high school with a diploma.

Kayden has always had a positive attitude, great work ethic, and he has been welcomed with open arms by the players and staff based on so many complements we have received on Kayden from people outside of our program. I believe that sports could play a large role in keeping Kayden focused on his goal to graduate, and I hope that you take that in consideration when deciding on his hardship.

Thank you for allowing me to write to you on Kayden's behalf, and I look forward to hearing back on your decision.

Best Regards
