

OSAA

my name is Kayden DeMoss.

I am writing to you Because, I would like to play football for E.H.S.

My only problem is my freshman year, I got into methamphetamine deeply. My family put me in a treatment facility named N.W.B.H.S. in gladstone, OR.

At the facility they did not concentrate on education in any way or form. They concentrate on specifically drugs.

Since this factor happened I am two credits behind to graduate on time.

I have Been clean off all drugs and Alcohol since the end of my freshman year. I still take weekly UA's to remain clean.

I really would like to play with the team, we have all made a strong positive relationship together.

If it wasnt for the mistakes, I made in the past. I would be on track. I have passed all 7 classes at E.H.S. this year.

Before you make a decision please think about why im short credits and my letter.

Thanks
Kayden DeMoss
