Conley Taylor returned to West Albany High School last November to be near his mother, who was experiencing some medical issues that were very worrisome to Conley. Conley is a very intelligent and athletic young man that needs the outlet of athletic competition to ensure he has a successful school experience. Due to the medical issues his mother was facing and some academic deficiencies, Conley was unable to participate while he was in attendance here at West Albany. I am in full support of him returning to the gridiron, basketball court and the track during his senior year at Roosevelt High School. The opportunities they provide will be extremely beneficial to Conley's future development as a young man. Please do not hesitate to contact me if you have any questions.

Respectfully,

Rich Engel  
Assistant Principal/Athletic Director
