To Whom It May Concern:

Last year I was Gabriel Schultz's school counselor. I have known him for the past year. At the beginning of second semester Gabriel was struggling with school. In April he was diagnosed with major depressive disorder. We tried to shorten his schedule to see if that would help him, but unfortunately that didn't work. In May we received a 504 medical statement from Dr. Gary Monkarsh and in that he stated that Gabriel was unable to attend school due to incapacitating depression with secondary anxiety. We (Gabriel's mom, Dr. Monkarsh, and myself) talked about tutoring, but at that point it wasn't something he could handle. We started the 504 process in late April/May, but since he wasn't able to continue school we weren't able to finish the 504 process and planned on wrapping it up at the beginning of this school year (2015-2016). He is now attending Tigard High School and his new counselor will continue with the 504 eligibility.

Football is extremely important to Gabriel and we are asking that you please consider him for hardship eligibility.

Thank you for your time and consideration,

A handwritten signature in black ink that reads "Jen Woebke". The signature is fluid and cursive, with "Jen" on top and "Woebke" on the line below it.
