

8/13/15

The reason I'm writing this letter is because, I was told that if I passed five out of my 8 classes I would be eligible to play soccer for next years season. I'm not good when it comes to school but soccer was my motivation to keep trying. I have been playing for as long as I could remember. The field is like my second home. It's the only place where everything negative goes away. I'm truly dedicated to the sport. I have played the goalie position for McMinnville High School since freshman year, except my Junior year. I had a lot of ups and downs throughout the past year, and made me realize that I need to get back on that field. I made Varsity my Sophomore year, and only got the chance to play once, because I got a Concussion few minutes later that I stepped on the field. It's my Senior year, and want to play more than anything! All my friends are playing. They're like my brothers, and have played ever since we were little. If I could please let me have the opportunity to play my last year. You wouldn't regret it I guarantee it.

Sincerely, Antonio Cabrera
