Rasmus is staying with our family since his mother stayed with us as an exchange student 25 year ago. We have stayed in contact with her family and we have know Rasmus since he was born. Our kids spent several weeks with his family in Denmark as high school students. Rasmus has visited our family several times in the past few years and decided he wanted to become an exchange student and live with us for the year. This decision to live with us was a logical choice and not a sport activity choice.

If you have any questions please feel free to contact me.

I am staying with Sue and Steve because my mom was an exchange student many years ago and she stayed with the same family.

My parents and I figured that it would be better for me to go to some place I knew, instead of going to a place with complete strangers. I have been in Oregon City 3 times before and all of the time I have stayed with the Johnsons. The dissection to stay in Oregon City is not decided because of sport.
