The following questions need to be answered to the satisfaction of the principal, athletic director, and the OSAA or district committee. Explain thoroughly.

1. How is it that the student finds themselves in this situation?
2. Why should an exception be made to the eligibility rules in this case?

I found myself in this situation of not being eligible to play football because I missed a lot of school due to depression. Part way thru second semester I moved school to McNary losing 2 credits for each class. I started out all A's and B's at McNary before my depression caused me to attempt to take my own life. After I attempted suicide I was in the hospital and coenceling for the remainder of the school year causing me to fail most of my classes. I am mentally stable now and the depression will not be a problem anymore with my academics. I should get a second chance because my mental

Condition is resolved and if I was granted
my eligibility football would be a big highlight of
my senior year and also pushing me to
graduate, Thank you for considering.
