

September 1, 2015

Dear OSAA Director,

I am the host parent of Frida Broscheit. We accepted Frida as a foreign exchange student for the school year 2015-2016 to join our family as we believe that it would be a great cross cultural experience for Frida and our own children. Our family met Frida's father a year ago and he had mentioned his daughter's interest in wanting to do a study abroad in the U.S.A. At that time we offered our house as a possibility. Subsequently Frida went through the Northwest Student Exchange organization to officially get placed into our home. Frida is not a competitive athlete and her decision to join Bend High had nothing to do with any sport recruitment. Bend high was the natural school she was going to attend since we live in the Bend High School district boundaries.

Frida has never done Cross Country and we encouraged her to join after she told us that she likes to go for jogs at home. We felt that joining Cross Country would be a great way for her to make friends and socialize into the American culture. We really hope that you will approve her to join Bend High's Cross Country team. Please feel free to contact me directly should you have any concerns. I really appreciate your understanding of and support in Frida's foreign exchange experience.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Divya', with a long horizontal flourish extending to the right.
