

8-31-15

Dear OSAA,

I struggled with my grades last semester because my motivation was low. I made a plan with my counselor about getting back on track. I will be taking one night school class every Wednesday for the first semester because game days are Tuesdays and Thursdays. I will take another class during night school after volleyball season. Other classes, I will take during the day. Motivation for senior year will be higher. With this plan with my counselor, I'm on track grade and graduation wise. Volleyball is my passion and it'll motivate me because you need to have good grades to play. I hope you'll grant me permission to play my senior year. Thank you.

Sincerely,

Linh Do
