

Dear OSAA:

August 25, 2015

My name is Fidel Morales and the reason why I'm writing this letter is because I came back to Dayton again, I moved to Portland on February because my parents got divorced, we used to live in Dayton and we didn't have nowhere to live after my parents got divorced, My dad's sister lives in Portland and she told us we could stay with her for a while and that's why I had to leave to Portland with my dad, now we came to live with my aunt at McMinnville but I'm planning to go back to Dayton because I've been going there all my years in high school, I'm writing this letter too because I would love if you guys let me play my last year with the Dayton boys soccer team, I've been playing my last three years with Dayton and it would be great if you guys let me play my last season with Dayton.

Sincerely, Fidel Morales G
