

To Whom it may concern:

I am the parent of Carlos Aguilar, my son is a Senior at Forest Grove High School. Last school year during soccer season my son had a accident during a soccer game. Due to the accident he suffered Carlos was out of school for a couple of weeks and due to the head injury he was not able to keep up academically. His grades went down. Carlos was put on a 504 plan to help him out. I am asking that Carlos be allowed to participate on this year soccer team. We will be working with Carlos and the school to get him back on track.
