

My name is Carlos Aguilera I am a Senior at Forest Grove high school. Last year in October I suffered a concussion during one of my games and was rushed to the hospital. Due to my accident I was out of school for multiple weeks causing my grades to go down. On my return to school I was put on a B04 to help me out. I have spoken to my parents, coach, and doctor about my decision to return to soccer. I will be working with the school to get me back on track. I am asking to participate my senior year because I will be successful and finish my senior year strong.

Sincerely

Carlos Aguilera
