RE: Arthur Bernestine III

Dear Sir,

My name is Ms.Earl and I am the mother of Arthur Bernestine. I am writing this letter on behalf of my son regarding football. I believe Arthur should play football because it keeps him out of trouble. And the second reason would be football is his passion. But , I am a strong beleiver in higher education. If my son is allowed to play football please keep encourage him to continuing to be on the path to college life.

I understand he wants to play football but he must keep his grades must be acceptable to do so. Arthur needs to improve his GPA which we both are working towards his goal. Arthur attended summer school both Benson and PSU, so he can improve his grade in English and he did so without any hassle. Arthur may not attend Grant this

year he might attend Meek. But , I still will approve him playing football for Grant if he keep improving his grades.

Arthur absolutely loves playing football. I think he should play because he has to earn certain positions in order to play. Which I believe it is good for his self esteem and something to look fooward too. He is very excited to be part of the Varisity team this year. About 3 months ago I had a stroke and ny son was right there to take care of me and still manage to finish his sophmore year and attend summer school. Thank You.

Sincerely Yours,

Ms. Earl
