Dear : OSAA

My name is Arthur Bernestine, My love for football is unconditional, Without football I don't know were I'd Be in life. Im a upcoming junior. I plan on giving my 100% effort in school this year. School will always be first be for football. I plan on having no less than a 3.5 GPA this year. I have been to summer school this year and when Im not at summer school then I'm at Football practice. After summer school I attended classes at PSU to make sure im ready for school this year.

Last year I was hit with a curveball. My mom had a stroke due to the stress of being a single parent & also working two jobs to help take care of me. After my mom had a stroke she was checked in at good Samaritan hospital where they found out she suffered two strokes. It felt like everything just stopped. I couldn't imagine life without my mom, just the thoughts of when my mom had a stroke scares me knowing I almost lost here.y mom stayed in the hospital for about a week or two. During her time at the hospital I stayed with my uncle. During school I found myself spacing out wonder if my mom would make it.

All I plan to do this year is prove my talent on the football field. This is my first year playing Varsity. I worked so hard to get here. I am aware that education comes before sports & I plan to put education first handling my business in classes & make sure im doing the right things off the field as well. Please give me a chance to prove everyone that I can be successful & graduate on time ...Thank you !

Sincerely, Arthur Bernestine
