

To Whom It May Concern:

My Name is Victor Mandujano. I was short one semester class heading into summer to be eligible for football. I signed up for summer school to recover my careers credit and to begin working on recovering my Chemistry class.

My family has had a financial issues over the last several years, which makes me the babysitter for my two younger brothers. My father currently works in the fields close to 60 hours a week, while my mom cleans hotels to provide for our family.

I have since completed by Careers credit and now I am back on track to graduate. I will need to commit myself to passing all of my courses in the next two years so I can graduate with my class. I would really like to compete in football this year and will work extremely hard to help my parents with my little brothers and keep my grades up.

Sincerely,

Victor Mandujano
