To Whom it may concern:

Jesus Gonzalez went through a very difficult transition/ stage in his life towards the end of the last school year, which ended in him leaving to California. During this period his grades/education suffered. After being in CA for a while he realized what opportunities he'd passed up and returned to Oregon. Being down there he had a "reality check" as he says. Since coming back to Oregon his education goals are much different. He plans to join the marines and has his mind set up to graduate. With this being the goal, he will do whatever is needed to make sure he does.
