

Big Sky Conference,

Hello my name is Jim Baughn. I have twin sons, Conner W. Baughn and Colton J. Baughn. They are freshmen at Dufur High School. We currently reside at 629 Wasco Drive in The Dalles, OR. We are within the Dufur school district (It surrounds us), but for whatever reason our street is in The Dalles zone. We started freshmen football in The Dalles. On the third day of practice, at a no contact (OSAA rules), no hitting practice, my son Conner received a concussion through a helmet to helmet blow from a senior. The hit was intentional. After dealing with The Dalles School system over this matter, they have made it clear that my son's health, safety, and wellness are not a priority. The Dalles then released us to Dufur. (I have included a copy of the statement filed with The Dalles school system.) This is not the first issue with The Dalles Schools. We had been planning a move to Dufur. We have a house in town lined up. 409 Court Street. The house will not be ready for us to move in until the end of October, 2015. I'm asking the Board for permission to let my kids participate in Athletics at Dufur High School while waiting for our home to become available. I thank you for your consideration.

Sincerely,

2 SEPT 15

James F. Baughn
