Dear OSAA

Hello, we are the Parents of Sophann J. Oum, I am writing this to you to ask for you to allow our son to play in sports. We take this very serious and have been talking with him this summer about making better choices with his school work and grades. I truly feel that he is really thinking much clearer and realizing the importance to making good grades and graduating. Recently, his grandmother asked him what is his goal and he answered "focusing on school and graduating". I truly feel that our son being in sports is actually beneficial to him and his success. We will be supporting him anyway we can and checking in with teachers to make sure he is staying on track. It took us awhile but know that he is on board the last thing we want is for him to feel like we have given up on him.

Thank you for taking the time to read this and I hope that you will be willing to let him play sports and show you what he is capable of in school.

Sincerely,

Tina Oum and Sophann D. Oum
