

To Whom it May Concern.

I am Johnny Stevenson's case manager. He is currently complying with all the necessary requirements of his IEP, although he needs to do credit recovery in order to graduate on time. Johnny has worked hard to turn around his academic progress, and I believe the connections and rewards of being involved with football would be beneficial to his academic progress as a senior. If you have any questions, please feel free to email or call me.

Sincerely,

Jenna Guertin-Davis
