I write this letter on the behalf of Jesus Daniel Betancourt Padilla. Daniel moved to Milwaukie, Oregon last February with his God Parents due to the lack of educational opportunities available in the area of Mexico in which he lived. He attended an online school for the start of his sophomore year and realized that he was not getting the best education possible and sought other prospects. During his freshman year (Which is middle school in Mexico), he lived away from his family to seek a better opportunity and had success in completing his freshman year.

Daniel does meet the 10 credit requirement to prove adequate progress towards graduation going into his junior year. In total he has 14 credits going into his Junior year.

Daniel did very well in his classes here at Milwaukie High School last spring and is excited about the start of his junior year. Daniel came to seek playing soccer for Milwaukie High School on August 17th. Since then, we have gained some information on his credits completed and feel that with his move and focus on education, he deserves the chance to seek enrichment opportunities as well. Daniel plans on graduating from Milwaukie High School in two years and seeks the ability to play soccer as well.

Thank you for taking Daniel's case into consideration. Please let me know if you have any further questions.

Sincerely,

K.T. Emerson
Milwaukie High School Assistant Principal and Athletic/Activities Director
