To Whom It May Concern:

I would like to play in the Milwaukie High School Varsity Soccer team because I feel like I would be able to assist and support the team. Since before the tryouts and during conditioning I have been to every practice and trained every single day. I feel that I am a part of the school when I participate in the soccer program and it also makes me commit and give it my best in academics as well. As being a part of the soccer team he feels very happy when he is with them, and it helps him learn English and practice his language skills with his teammates. As I traveled to Pendleton, Oregon, it was bittersweet because I was excited for our team to win, but I felt a lot of sadness because I could not compete and help with the win. Last Tuesday, we had a home game at Milwaukie, and it was an honor for me and my family that I was included in the announcements, but I felt very frustrated that I saw times on the field when I could have helped, but I was unable to. Hopefully with this work through the school and my family, I will be able to play for the first time.

Sincerely,

Jesus Daniel Betancourt Padilla
