

Jocksan Santoyo

September 3, 2015

Hello board of OSAA:

My name is Jocksan Santoyo, I am 18 years old of age, and I'm considered a super senior this 2015 year, but there is a reason behind my situation. I arrived to the United States three years ago from Mexico. My mother enrolled me as a sophomore when actually I had to be a freshman. I stated as a sophomore and only three years I was able to get 20 credits, here in Ontario high school you need 24 credits to graduate. The reason I was not able to get all my 24 credits was not because I failed lots of classes, but because the time was just not enough. Actually since I been in high school I believe I have only failed three classes, and it was in my first high school year, the problem was I was still new to English and still didn't understand completely. After English became a better language for me, I did not fail again. I am considered a super senior but I should not since I have only been in high school for three years. I am staying in school for another year, but only need 4 more credits to graduate.

I am doing this because I love learning, and love school, but also love soccer. I have played for 3 years and I would just love to play for this my 4 high school year. I would be extremely grateful if you the commission of OSAA will allow me to play the sport love for this my last year of school.

I am not a bad kid nor someone who looks for trouble, I have worked hard since the first day I walked into school and just wants to enjoy my last year playing soccer for this wonderful school.

I am begging you to please allow me to play. I have worked hard and know I deserve this opportunity to play soccer one last time.

Thank you for your time.

Sincerely: Jocksan Santoyo
