

District Appeals Committee

Dear Committee,

I am writing in behalf of Mikaila Springer to become eligible for participation in Soccer this season. Mikaila moved into our community during the middle of last school year to live with a new set of foster parents. Mikaila moved here due to a very bad situation where she needed to be removed and find stability in her home life, which she finally found at North Valley High School. She is currently thriving and would like to participate in a fall sport this year.

Mikaila is ineligible due to the on-track to graduate requirements. She is a senior who due to circumstances beyond her control fell through the cracks of the educational setting. Please review her letters and allow her to participate and connect to our school community to get back on track as she has a plan to graduate at the end of this year with her class. Attached are all her documents for your review.

Sincerely,

A handwritten signature in black ink, appearing to read 'Erik Lathen', with a stylized, flowing script.

Erik Lathen
Vice-Principal / Athletic Director
North valley High School
