

Sister's letter #3

To whom it may concern,

8-31-15

My name is Jordanna Harvey. I am Austin Harvey's sister. I have been

living in Madras with him this past year and have seen how much he has been struggling. Austin has been bullied because of him being white while going to a school that the majority of the kids are Mexican and Indian. There is a bad racial clash in Madras and

unfortunately he was caught in the middle. Also he previously went to Sweet Home High School as a freshman and was

much happier than in Madras. The thought for him moving her was to help care for our grandmother who is very weak and needs help with things in her house, due to her having surgery on her stomach and her having health problems.

Sincerely,
~~Jordanna Harvey~~
