Dear Sir or Madam,

My name is Jonathan Reynoso Torres. I am currently a sophomore at Madras High School. A Week ago, I was told by the Athletic Director, Evan Brown, that I was ineligible to play soccer this school year.

During last school year I was enrolled in 7 classes in both the first and second semester. During the second semester, I passed 5 of the 7 classes and thought that was enough to be eligible. However, one of the classes I passed was Algebra 1, Semester 1 that I didn't complete the first semester and had received a NYP (Incomplete). Because it was a Semester 1 class, it went on my transcript for the first semester, so on the transcript I only passed 4 classes in Semester 2. I do however have 4.5 credits, which is enough to meet progress toward graduation for a sophomore. In my mind, I thought I passed 5 classes during the spring, and that I would be able to play this year.

Second Semester I did get two NE's. I failed Science and Math Workshop. I passed one semester of both those classes. However I, failed both of them second semester because of miscommunication with both of the teachers. I hope to improve in this area in the future.

My goal is to play soccer for all 4 school years. I do know I will keep my grades up and improve my attendance for the rest of my high school years. If I get a chance to play, I will take full advantage of it and won't let this problem get in my way of playing for the rest of my high school career.

Sincerely,

Jonathan Reynoso Torres
