

To Whom It May Concern:

I am writing this letter to request that I may be allowed to participate in Soccer this year. I have been subject to hardship, and have had poor study habits during my first 2 years of High School. I realized that I have struggled in school and have worked hard during my last year to pass more classes than before. I am $\frac{1}{2}$ credit short of meeting the requirements now. I would have attended summer school, but was unaware of the new requirements. I am also willing to make up that credit in any way outlined by my counselor. Soccer is a way for me to enjoy life and stay fit. My coaches have helped me get to this point and always encouraged me to strive for good academics. I will carry a travel card to all of my classes to prove my dedication to my studies.

School is extremely important to me and I am dedicated to graduate on time. I will continue to become a good student. I have improved my grades since last year, and attended summer school last year with the help of my coaches. My coaches motivate me to perform better in the classroom. I really would appreciate your consideration in allowing me this second chance. If afforded this opportunity, I would not let you down. I will dedicate my last 2 years to my studies and graduating on time. I will attend study groups and be a successful student.

Thank you for your time and consideration

Sincerely,

Pedro Jimenez
