CREDIT RECOVERY PLAN

For Nathaniel Dillon Iness

1. Nathaniel has a current schedule with seven classes plus a graded Advisory Group class. At semester, he has the opportunity to transcript 3.75 credits which would bring him back up to "Satisfactory Progress towards Graduation" status.
2. Nathaniel is also registered with our "Plato" credit recovery program and is currently working on recovering those credits previously failed.
3. Nathaniel is also on a weekly check in with our high school counseling department which is both a weekly academic and personal check in process. Academic grades will be monitored weekly by the athletic office.
