To whom it may concern

Hi I am Ed Silva, Aaron Silva's father. I am writing this letter to verify to you that Aaron Silva's letter of hardship to the OSAA is truthful in its content. He was in fact holding down a job & working many hours per week till closing at the DQ on Farmington Rd. On top this he was also enduring the stress of his parents splitting up & moving from the home he had grown up in.

I hope you will consider allowing him to play football this year, I believe having football back in his life will help him to stay focused on keeping his grades up & he has resigned from his job at DQ so that he can focus even more on school. Please if you have any questions feel free to call me.

Ed Silva
