September 4, 2015

Tom,

I am writing this letter on behalf of Zenaida Banuelos a student at Ontario High School. Zenaida was not successful in passing enough classes and has not earned enough credits to participate for us in soccer this season. I have attached two letters explaining the circumstances which adversely affected Zenaida's ability to finish the year on a positive academic note. We did attempt to create interventions for her prior to the year end, by notifying teachers she would be gone for this surgery and allowing Zenaida to complete work on a modified schedule. For reasons I am not aware of the work was not able to be completed prior to final grades being entered for the year. You can view Zenaida's transcript and see that she cannot afford to miss any school and keep up with her academics. I believe allowing her to compete with weekly required grade checks would serve both Zenaida and our program well. She needs this motivation to continue to recover from the academic situation she currently finds herself in. Please contact me with any additional information you may need to consider this request.

Respectfully submitted,

Manny Alvarado
OHS Athletic/Activities Director

Sept. 2, 2015

To Whom this may concern,

My name is Lisa Almaraz elam
the mother of Zenaida Banuelos.

On May 18 2015, Zenaida underwent
two major surgeries of her face.
One was the reconstruction of
her right eye, and the other the
reconstruction of her nose & upper
lip.

Zenaida was born with Cleft lip
and palate, undergoing several
surgeries throughout her life,
this one being a bit harder
on her as she is older.

Zenaida was put on a zero
activity plan for applex. 3 weeks
until her follow up appt with
her surgeon. Her face was
swollen and she was not allowed
to have any use of her right
eye.

Zenaida attempted to attend
school on a couple of occasions
and would find herself returning
home with pain and swelling.

Finally when she was released
the school year had ended.

As a small child Zeraida has always had a passion for soccer, she has played, coached and mentored other children. She is more than willing to accomplish any task to better herself and her grades. Please take this letter into consideration.

thank you
Allen

September 2nd 2015.

On May 18th 2015 I had surgery. The first surgery was to attempt to repair my right eye due to eye complications.

The second surgery was reconstruction of my nose and lip. I was there for 20 hours. I was told by my surgeon not to return to school or any activity for 3 weeks. At one point my mom went for my assignments approximately a week later, due to the pain and swelling on the right side of my face I was unable to complete any assignments.

On a couple of occasions I tried to attend school, but found myself going home early due to the pain and/or swelling. By the time I was released to attend school again the school year had ended.

I know that because of my absence my grades were affected. I am eager and willing to do anything in my power to make up my grades. By doing so, I am currently taking 2 credit recovery classes.

I hope you take this letter into consideration to allow me to play soccer. Soccer has always been a passion of mine. Not only have I been playing since I was young, but I have also coached. Soccer not only

has helped me become athletic but
have better leadership skills.

Thank you,
Zenaida Bañuelos
