

September 5, 2015

Dear OSAA,

My name is Martin Anema and I have just recently become part of the Ashland High School Boys Junior Varsity team. Initially, I came to Ashland for three weeks to get my act together and show my mom, back in Denver, that I could change my behavior. Over time it became apparent that Ashland had everything to offer that would make me a better and more successful person and student.

So, my great aunt and uncle were willing to have me stay with them so I could grow into a more responsible young adult. They have enrolled me as a junior at Ashland High School. One of my greatest forms of exercise and fun is playing and competing in soccer. As a part of the Grizzly Boys JV team I have shown I am willing to do my best in order to win and have a great season. I hope to be allowed to play in games as soon as possible.

Thanks for your attention to this matter,

A handwritten signature in black ink, appearing to read 'Martin Anema', written in a cursive style.
