Hi, Tom-

I found this reply to an insufficient information return in the Eligibility Email Inbox.

Subject: Re: OSAA Student Eligibility Request Form Insufficient

I called his mother today to ask about his credits. Yes, he has only that many credits. They were in Beulah, North Dakota for a few months and then moved to Wapitan, North Dakota for about 6 weeks due to his father's work. During those 6 weeks, he was home schooled. From there, they moved to Minnesota where he attended St. Louis Park HS from winter to early spring. He left there and came back to Oregon again due to following his father and where the work was. From that spring time until he enrolled at Estacada, he was home schooled.

Therefore, he did not earn a lot of credits due to job timing (mom would pull him out when she and her husband were told of work moving to the next job) and just being in and out of school.

Please let me know if you need more info. He has been in class every day here and is doing well academically.

OSAA Student Eligibility Request Form Insufficient

Your OSAA Student Eligibility Request Form has been returned as insufficient. You are asked to provide additional information and re-submit the form. Tom Welter - OSAA Staff has included the following notes as to the reason for your form's rejection. Need more documentation of credits earned for grades 9 and 10. Does he only have 7.5 credits after two years of high school? if so, why?

This form is seeking a hardship waiver for Samuel Starkweather to be eligible to participate at Estacada High School for the 2015-16 school year. A decision cannot be made until you address the insufficiencies and re-submit your form.

This Satisfactory Progress Toward Graduation Hardship Appeal falls under OSAA Rule 8.1.2, viewable at www.osaa.org/governance/handbooks/osaa#_Toc426096850. The request will be handled by the OSAA Executive Director.
