Dave Williams,

I'm writing you to let you know, that my daughter Selena Maxwell, has medical issues, that "she misses school", and still does. She will see the doctor after school hours to get this resolved.

I have a medical issues due to being a pedestrian that got hit by a car. I take medicine that requires I get 8 hours of sleep and I have trouble getting up in the morning. That would make her late.

She is hard working young lady. please allow her to be able to do after school activities. ~~Thank you~~ Thank you for reading this letter.

Sincerely,
Jana Pelt
