Martinez-Maya

To Whom It May Concern:

The above-mentioned children have been placed in the custody of the Department of Human Services, Child Welfare. Through no fault of their own, the children had to be moved into a foster home in the Lebanon School District. This is considered a long term placement, and there is little chance the children will be moved again anytime soon. Please let this letter serve as permission for them to participate in extracurricular activities, including sports, at Lebanon High School.

The caseworker assigned for the child is Katherine Yde. If you have any questions or concerns you may contact Katherine at 541.791.5875. You may also contact Katherine's supervisor Rachael Jones at 541.967.2060.

Sincerely,

Katherine Yde
