

I am very grateful I was given the opportunity to show that I will be on track to graduate in 2017. I have learned greatly from these past two weeks and have matured and grasped the understanding of passing classes and being a responsible student. I believe I have learned a great lesson and will take a lot away from this experience. I will be trying my hardest for the next two years of my highschool career and will make sure this never happens again so I can play on the field during this season and next, and soon graduate. School and sports means the world to me and I would never let anything stop me from playing soccer and going to school. Thank you so much for allowing me this opportunity.
