

To Whom It May Concern:

I am requesting eligibility be granted to Florian Costa. Florian is a transfer without Joint residency from Los Altos High School in California. Florian's parents are legally separated and the family has moved due to his mother getting a new job. Florian attended two summer workouts without an Intent to Transfer. At the time he attended the workouts, the counseling office at Summit was closed for registration, but the family had already secured a home in Summit's boundary. The coaches failed to fill out the Intent to Transfer form, thus creating an Affiliation issue as well.

Thank you,

GP
